## Create Parent Account

### Parent Account Details

First Name	<input type="text"/>
Last Name	<input type="text"/>
Email	<input type="text"/>
Re-enter Email	<input type="text"/>
Desired Username	<input type="text"/>
Password	<input type="password"/> <input type="password"/>
Re-enter Password	<input type="password"/>

Password must: •Be at least 8 characters long •Contain at least one uppercase and one lowercase letter •Contain at least one letter and one number •Contain at least one special character

### Link Students to Account

Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account

1

Top information is completely created by the parent - none of this comes from the letters that are sent home.

Once that is completed, then scroll down to **“Link Students to Account”**

## Link Students to Account

Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account

1

Student Name

Access ID

Access Password

Relationship

2

Student Name

Access ID

Access Password

Relationship

 ▼

In this area input students name -ie **Katie Berbaum**

Then input the access Id and Password - these are found in the MIDDLE of the form that was sent home. DO NOT use the access information on the bottom.

In the “**Relationship**” area choose **Parent/Guardian Field 1** for each child you enter.

Once you have put in ALL of your children, scroll to the very bottom of the form and click the blue “ENTER” button.

A screenshot of a web form. At the top left, there is a small box containing the number '7'. Below this, there are four rows of input fields. The first row is 'Student Name' with a text input field. The second row is 'Access ID' with a text input field. The third row is 'Access Password' with a text input field. The fourth row is 'Relationship' with a dropdown menu showing '-- Choose'. At the bottom right of the form is a blue button labeled 'Enter'.

If all the information is correct it will send you an email confirmation and you will then be able to access all the children associated with your account.

These are **NOT** directions for the APP - I don't recommend using the APP as I can not see or help them in that system.
